

faster safer surfer

epoh

The new generation dinghy

A new generation arises > **Fast, forgiving and easy to ride**

**a family dinghy
program**

**high performance
speed**

**a naval architect's passion
for boardsports**

an innovative solution with floats

**THE EPOH TAKES LEGACY FROM
LEGENDARY DINGHIES AND
COMBINES THRILLS AND
TOLERANCE LIKE NEVER BEFORE**

In Rolland Jourdain's words :

"It was about time someone updated dinghy sailing, congratulations Yannick!
With the ePoH you've come up with a high performance boat that doesn't
capsize every time things start to get hairy"

You're going to love improving your skills **early intermediate > advanced > expert**

DESIGNED LIKE A RACING YACHT
AND CONCEIVED FOR A WIDE
RANGE OF PRACTICE, THE EPOH
OFFERS SHARED FUN AND EASY
PROGRESSION FROM EARLY INTER-
MEDIATE TO EXPERT LEVEL.

tolerance comfort

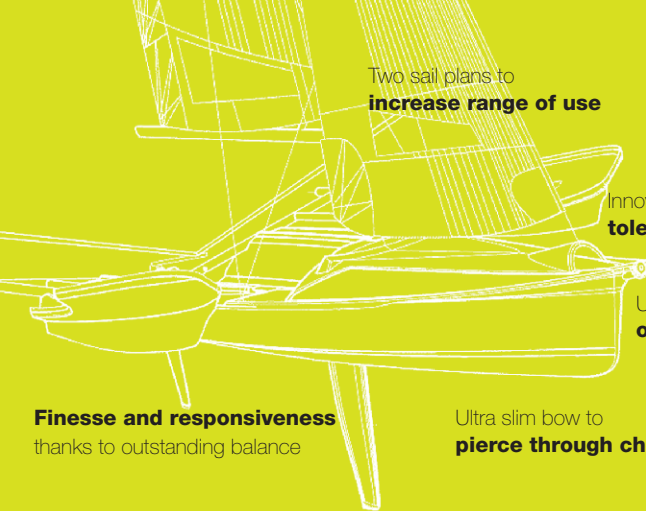

- Stable and forgiving
- Simple and user-friendly
- Upgradeable and intergenerational

fun thrilling

- Acceleration and planing
- Light on the helm
- Control and responsiveness

speed performance

- Super fast and powerful
- On a plane from 10 kts of wind
- Efficient in light winds

Two sail plans to
increase range of use

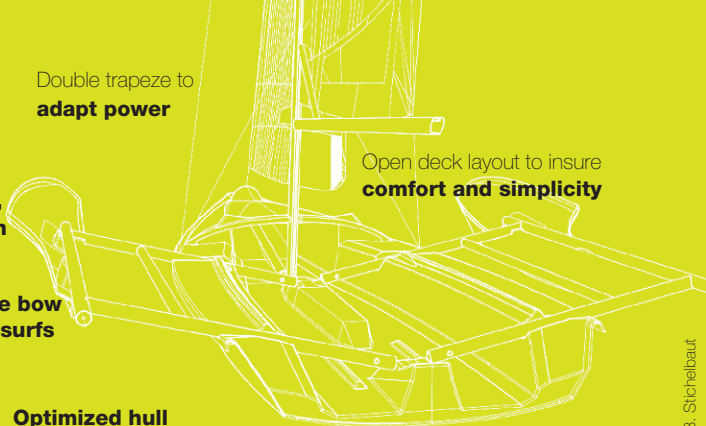

Innovative floats give **stability, tolerance and progression**

Unique deflector **keeps the bow out of the water in the surfs**

Finesse and responsiveness
thanks to outstanding balance

Ultra slim bow to
pierce through chop

Customized centerboard for great
tolerance in demanding conditions

Double trapeze to
adapt power

Open deck layout to insure
comfort and simplicity

Optimized hull
for both light wind and planning mode

Infusion construction providing
lightness, stiffness, and durability

Warning, this boat **causes exponential amounts of pleasure**

Hull length **4,92 m**
Hull beam **1,85 m**
Breadth overall **3,62 m** (2,03 m stored)
Draft **0,16 m / 1,20 m**
Air draft **7,22 m**
Upwind sail area **13 / 16 m²**
Spinnaker **15 / 22 m²**
Total weight **160 kg** (143 kg without floats)
Vacuum infusion sandwich technology
Max crew weight **225 kg**
Max added equipment weight **30 kg**
Design category **C** (ICNN certified)
Architects **Y. d'Armancourt & F. Neuman**
Designed and Built in France to Last
ePoH = exponential pleasure & zero hassles
